- [DataScan Field Services Acquires Manders Appraisal, Groupe Quadrex](#) [[▲ hide abstract](#)]
DataScan Field Services, a floorplan audit and vehicle inspection company, announced it has acquired Toronto-based Manders Appraisal and Montreal-based Groupe Quadrex. Manders Appraisal and Group Quadrex, which operate as 1 company, provide inspection services in Canada on a national basis. With DFS' recent expansion into the Canadian market, the acquisition of Manders and Quadrex will support the company's efforts to meet current client demands and provide increased business opportunities in Canada, according to executives. Executives also noted that the acquisition will allow DFS to expand its product offering, becoming the single source of audit and inspection solutions in the U.S. and Canada.

Manage Articles

Retain for current or future editions or delete permanently from the list of available articles. By default, all articles are automatically assigned to the forthcoming Daily Digest edition. Otherwise, articles may be explicitly

- removed ("recycled" to the Article Pool for future use)
- deleted (purged from the Article Pool altogether) or
- rejected (returned to the appropriate contributor for further edits).
